

Heat protection for welding equipment, tubing package, welding pistol protection

Welding machine protection jacket for contact heat

WELDING MACHINE PROTECTION JACKET AGAINST CONTACT HEAT

Machine protection made of a heat resistant fabric, which protects against damage caused by metal spatter and sparks. The transparent plastic assures visual access to gauges, indicators and control elements. For mass-production please ask for our "machine protection" flyer.

Use: for MIG/MAG, WIG and plasma cutting torches. Ideal for rented, demonstrative or test equipment.

Art.-No.	material	dimension
SH.....G1	JT650G1 + transparent plastic	according to the size of the welding machine

This article is defined from the size of the jacket.

Protection tubing for torch tube package

PROTECTION TUBING FOR TORCH HOSE SET

The protection tubing is made of a heat protection fabric with an Aluminium coating, which protects against radiation heat, metal spatter and sparks. The production is in accordance with the diameter of the tubing, the length of the piece and is also available on 25 meter rolls.

Use: for every and any welding machine hose.

Art.-No.	material	dimension
ISL 050 AL	JT660AL	Ø 50 mm
ISL 060 AL	JT660AL	Ø 60 mm
ISL 070 AL	JT660AL	Ø 70 mm
ISL 080 AL	JT660AL	Ø 80 mm

Other sizes available upon request.

Welding pistol hand protection

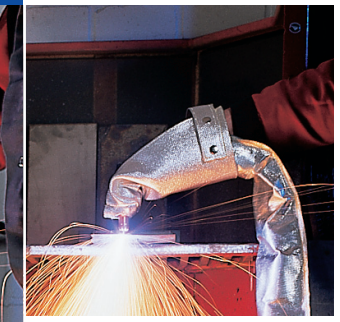

WELDING PISTOL HAND PROTECTION AGAINST CONTACT AND RADIATION HEAT

The ideal protection for welding pistols during high temperature welding without burning. Working with leather gloves is possible. The protection is made directly connected to the torch. The material used is a scour resistant aluminium coated fabric.

Use: for every and any standard welding pistol during high temperature welding.

Art.-No.	material	dimension
SPH 001 KAN	JT650 KAN	Standard

Complete protection for welding equipment against contact and radiation heat

Hand protection for welding pistol and cutting torch

Protection tubing for torch welding hose

Protection jacket for welding equipment

- Fiber glass fabric
- Aramid fabric
- Aluminium coating
- "Alu-fix" coating
